**WHY SETTLE FOR AN IMITATION,  
WHEN YOU CAN HAVE THE  
REAL THING?**

**SCENTVENT™ FROM  
PERFORMANCE SYSTEMATIX INC.**

Let your fragrance speak for itself with ScentVent™. Gone are the days where you had to rely on a scratch-n-sniff card or label to simulate a fragrance.

ScentVent™ vented heat induction liners allow the true scent of your product to come through, yet provide the same leak-proof protection of standard heat induction liners.

**THE ONLY VENTED HEAT INDUCTION  
FOIL ON THE MARKET TODAY!**

- ePTFE repels liquids yet allows the fragrance to escape
- Prevents container distortion and leaking
- Broad chemical compatibility
- High liquid intrusion rating
- Provides package security and integrity

**FORMATS TO FIT YOUR NEEDS**

- Installed into closures:  
13mm – 120mm standard,  
dispensing and child-resistant
- Variety of melt layers to accommodate different bottle substrates
- Various tab features available
- Cut Discs and Roll Stock (various liner widths and patterns also available)
